JINSA was founded in 1976 as a non-profit, non-partisan organization to advocate on behalf of a strong U.S. military, a robust national security policy and a strong U.S. relationship with Israel and other like-minded democracies.

HENRY M. JACKSON DISTINGUISHED SERVICE AWARD

This prestigious award enables JINSA to recognize and thank those leaders whose careers have been distinguished by the principle that is the foundation of JINSA's work—the United States requires a strong military capability both for its own security and for that of its friends and trustworthy allies around the globe. This was the cornerstone of the late Senator Jackson's philosophy and still guides JINSA today.
